## SECURE YOUR DATE

Once you have decided to book with us, we will sign our contract, book your trial and final consult for 4-6 weeks before your wedding and process your deposit of 50%. This deposit holds our date, is non-refundable and will be applied to your final payment; due no later than noon of your wedding day.

fyi: While we love working with planners, we ask to have only one contact person per booking. This ensures that no information is lost between contacts and that we are able to keep consultation costs down

## ABOUT US

Ten Fifteen Beauty is a cruelty free beauty bar located in the cute neighborhood of Fairfield in Victoria BC. Our team of artists love love, and are deeply passionate about our craft, so we feel pretty lucky to be able to share those passions all wedding season. We strive to make your wedding day all about you. It is so important to us that your day is fun, relaxed and ultra beautiful.

## ON LOCATION

The artists at Ten Fifteen Beauty are happy to travel to your location for a fee. The following will help get an idea of our on location fees.

\* These prices are subject to change based on any additional or unexpected charges the artists may incur.

The first 10 km: \$60 flat rate.

Additional kilometres are charged at a rate of \$3.00/km

Ferry/flight charges will be passed on directly to the bride. When booking hotels, our artists will survey the average cost of hotels in the area and the bride will be charged that amount. Artists may choose to book a more expensive room, in which case the artist is responsible for the additional costs.

If additional artists are required to travel in order to accommodate your bridal party or schedule, a flat rate fee of \$150 / Artist will be charged.

pass this along to your  
bridal party

## HOW TO PREPARE FOR YOUR GLAM

We recommend that the bridal party prep their hair and skin in the weeks before the event to ensure the best possible result.

Here are our tips:

1. Regular exfoliation one or two days a week will help remove dead skin cells that may otherwise cause a cakey or uneven look. If you don't have a regular skin care regime, we recommend contacting Tonic Spa for a facial and a take home skincare plan.
2. Hydration is crucial in order to avoid an overly matte, powdered look on the day of the wedding. In order to create a look that lasts, we will be using setting powder all over the skin. If your skin is dry, the finished product may be less desirable. We recommend cleansing your face both in the morning and at night, using a toner or cold towel to close your pores, then applying a heavy moisturizer nightly. Feel free to explore serums and creams but don't try any new products in the month leading up. Don't forget that healthy skin also comes from the inside, drink plenty of water leading up to the wedding! Drinking will dehydrate you, (and your skin) so I say again, drink up!!
3. Please do not arrive with make up, sunscreen or hair products on your face/in your hair. Whether it is a little hairspray or some left over mascara, this will not only effect the quality of the finished product, but the time it will take to complete. On that note; I like to remind everyone that as per the contract, everyone must arrive with completely dry hair.
4. If anyone has make-up, hair extensions, and/or head pieces they would like us to use - please let us know before we begin your services. We are happy to accommodate everyone's preferences and often have people request to use their own foundations, highlighters or lipsticks.
5. For curly hair: Please book a consult to chat about wedding prep. For straight or wavy texture: Please wash and blow-dry your hair in the evening prior and only use minimal oils or smoothing products when blow drying.

If anyone needs anything in order to prepare for the wedding, or would like to clarify any special requests - please email us in advance at [artists@tenfifteenbeauty.com](mailto:artists@tenfifteenbeauty.com)

## MEET OUR LEAD ARTISTS

Kennedy is our head wedding artist at Ten Fifteen Beauty. She has been with us for over 6 years, working her way up from assistant to the head artist. Her passion, drive, and natural artistic ability has been such an asset to our glam squad. Being part of a cruelty free salon, Kennedy makes huge effort to research leading “dupes” to replace popular favourites that brides may request. She loves what she does and will do all she can for her brides.

Tarah opened the salon in 2015, with the goal of creating a beautiful, inclusive boutique experience for her guests. She began working as a beauty artist for 20 years and is still in the honeymoon stage after all this time. She loves feedback and making her guests feel their very best. She is a Kevin Murphy Session Stylists and regularly attends training to stay up to date on all things glam. We also hear she’s pretty funny.
